

### REMARKS

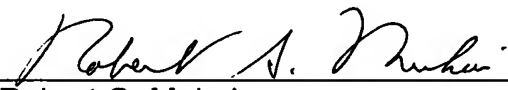

By the present Preliminary Amendment, the title has been set forth to ensure that it is consistent with the title provided on the face of the application and the formal documents. In addition, the Preliminary Amendment amends the specification and claims consistent with the revisions made via an Article 34 Amendment in the international application and revises the abstract into a form that is more in-line with 37 C.F.R. §1.72(b) and MPEP §608.01(b). Further, the Preliminary Amendment removes the term "described above" in claim 2, which does not alter the scope of the claim.

Favorable consideration on the merits is respectfully submitted.

Should the Examiner wish to discuss any aspect of the present application, the Examiner is invited to contact the undersigned attorney at the number provided below.

Respectfully submitted,

BURNS, DOANE, SWECKER & MATHIS, L.L.P.
